California Ski Association—

The organization of skisport in California was to a large extent the result of an effort to attract the 1932 Winter Olympics. In spite of losing the Olympic bid in Yosemite, the National Ski Association (NSA) gave the sanction to the California State Chamber of Commerce to organize the California Ski Association (CSA).

October 7, 1930, “Hall of Famer” **Wendell Robie** of the Auburn Ski Club, organized strong club support to form the California Ski Association. At the NSA convention in Chicago, December 14, 1930, CSA was accepted as an affiliated division, and California was awarded the 1932 National Ski tournament. The first sanctioned divisional meet was held by CSA in 1931.

January 18, 1931, CSA orchestrated a “traffic jam” demonstration that resulted in the authorization by the State of California for snow removal equipment on the roads that accessed California’s emerging ski resorts. Skiing was a new sport and thousands traveled to the snow in the winter. Ski Jumping was the daredevil sport of the period and ski clubs hosted huge spectator events. The ski industry began to develop from small club-operated hills to larger ski areas.

In 1946, the Area Development Committee was formed to concentrate on getting two ski areas approved — San Geronio and Mineral King.

At the Convention in 1948, CSA changed its name to the Far West Ski Association (FWSA) to have a name more representative of the geographical area it encompassed — California, Nevada and Hawaii.

Far West Ski Association—

In 1962, the National Ski Association emerged as the United States Ski Association (USSA) and FWSA became its Far West Division.

From the beginning, the focus of FWSA was on its race programs. In the early 60s, the orientation began to shift towards recreational skiing. The Far West Charter Flight Program, spearheaded by **Sutter Kunkel** of Grindelwald Ski Club, took the Association from 3,000 mostly competition skiers to 10,000 mostly recreational skiers in just two years! There was also an upsurge in recreational skiing following the 1964 Olympics at Squaw Valley. But it was the

blockage of the development of skiing at San Geronio and Mineral King by the Sierra Club that once again ignited the energies of FWSA.

By the mid 70s, FWSA expanded to the point where recreational skiers outnumbered the competitive skier. It wasn’t until 1976 that FWSA was divided into two operating divisions, one concentrating on the recreational and political aspects of skiing and the other directing the operation of sanctioned race programs that developed the youth of America for the US Ski Teams. The Far West Ski Competition, Inc., official sanctioning body for junior racers, was founded.

FWSA continued to develop programs for the recreational skier that included a Membership Benefit Book, Ski Theft Insurance, Ski Weeks, Flight Charters to Europe and within the US, Public Affairs and Intramural Racing. In return, the clubs sponsored events that raised money for junior racers.

The 80s brought considerable turmoil between FWSA and USSA, primarily over money and which programs should benefit from the dues being collected from the recreational skiers — recreation or racing. In 1980, USSA followed FWSA’s lead and organized into two divisions — Competition and Sports. FWSA was absorbed into USSA Sports Division under **Dean Lawrence**, the first president.

On November 6, 1984, an Executive Committee of FWSA met to decide on the direction FWSA should take. This committee proposed a non-political, non-controversial set of by-laws that were approved at the 53rd Annual FWSA Convention held at the Oakland Airport Hilton, May 17-19, 1985. FWSA ties to USSA were severed and FWSA was reactivated as an all volunteer organization. To encourage clubs to rejoin FWSA, dues were waived and are not required by clubs as long as they belong to a Council.

*FWSA sent 7 junior racers, with coach **Dave McCoy**, to Europe on one of the 1962 FWSA charter flights.*

Resources—

In 1969, the Auburn Ski Club, working with historian and ski writer **William B. Berry**, developed the *The Western SkiSport Museum* at Boreal Ridge, CA, as an exhibition of the ski history of Western North America. The mission of the Museum is to collect, preserve and exhibit the history of winter ski sports in the western United States. Much of the history of FWSA is preserved here.

Hans Georg came from St. Moritz, Switzerland, to the U.S. during the mid-thirties to become a pioneer ski tracker, rope tow operator and ski instructor. In 1938-39, Hans was instructing at Soda Springs when he was talked into becoming the head of the Eastern Sierra Ski Club School at the "Ski Ranch" near the McGee Creek Lodge.

Hans Georg
- 1968

In 1940, **Lloyd Nicoll** built a tow at Observation Point, on the east side of Mammoth on the road to Twin Lakes. The next year, he sold it to **Nyle Smith** who then sold it to Hans in 1946 after Hans returned from serving in the 10th Mountain Division during WWII. Hans would move his tow near the old Mammoth Tavern when the road to Observation Point was snowed in.

After WWII, the only two operators in the Mammoth area were **Dave McCoy** and Hans. In 1948, Hans installed three tows in Mammoth— one from Mammoth Creek to his cabin near the Valentine reserve, another from his cabin to the Lake Mary Road, and the third where Chair 15 is today. Although the tows remained until 1957, as they began to experience mechanical problems, Hans started teaching skiing at Dave's lifts.

Hans taught thousands to ski, using the Arlberg technique. In 1940 and 1946, Hans attempted to develop a summer ski school at the 12,500-foot level eastern side of Mt. Whitney. He later wrote two books on skiing — *Reverse Shoulder Technique* and *Modern Ski Systems*.

The Hans Georg Award is given for distinguished Accomplishment and Long-Term Contribution to Skiing. This award is given to an individual who has contributed significant achievements to skiing, not necessarily organized skiing. It reflects a long-term contribution over the years. ●

Elizabeth "Schatzi" Wood Award

Elizabeth "Schatzi" Wood is one of the most recognized women skiers in the history of recreational skiing and the National Ski Patrol System. Born in the Bavarian Alps, she arrived in the US in 1920 as a governess to the children of the Miller family of Milwaukee.

A few years later she met her husband **Ernest Wood** while ice skating. She began skiing to be with her husband but only mastered the Sitzmark. Then in the 30s, when **Hans Georg** started to teach at McGee, Schatzi learned the modern ski technique.

"Schatzi" Wood
1897 - Sept 3, 1964

In 1942, Schatzi was only the sixteenth woman to be named to the National Ski Patrol (NSP). In 1950, she was appointed section chief of the NSP at Big Pines. In 1951, she was awarded the National Ski Patrol's Yellow Merit Star for her work as an outstanding patrol-woman. Schatzi devoted 15 years of service, developing ways to make her sport better and safer, mapping her areas, applying first aid and conducting searches for crashed planes.

Schatzi was one of the leading women skiers during the formation of the California Ski Association. She was well known by skiers throughout Southern California as a strong skier who could outski most anyone, male or female. Her love for skiing continued to the day of her death at a grand old age of 67. While on a ski trip to Switzerland, Schatzi suffered a cerebral hemorrhage, and two days later, she passed away in her sleep.

Schatzi was a long-time member of Grindelwald Ski Club. She was loved and admired by everyone. Hence, the nickname "Schatzi", which means "sweetheart" in German.

The Elizabeth "Schatzi" Wood Award is given to the Far West woman who has, through efforts in ski club, council, region, national or international activities, made a decisive contribution to skiing during either the past year or in a prior year. ●

J. Stanley Mullin Award

J. Stanley Mullin
July 14, 1907 - July 24, 2000

J. Stanley Mullin, a Los Angeles attorney, was a pioneer Far West skier. As an avid competitive skier, he hiked up California's snow-covered mountains in the 1930s before the advent of ski lifts. He remained a strong supporter of the Far West Ski Association, USSA, and FIS (Federation of International Skiing).

Stan was an indefatigable sportsman, mastering horseback riding, skiing, sports car racing and rowing. He competed in the trials for equestrian jumping for the 1932 Olympic games. He was the first president of the California Sports Car Club and founded the rowing section of the California Yacht Club.

In 1939, Stan founded Southern Skis with **Corty Hill, Morgan Adams Jr., Otto Steiner, A. Andrew Hauk, Paulette Goddard** and others. Stan served as FWSA secretary for two years following WWII before being elected Vice-President of NSA. In 1952, Stan joined **Morgan Adams Jr., Bob Cray, Bob Cheesewright** and others in financing the Mount Baldy Ski Lifts.

Stan had a long association with the Olympics, serving on the Organizing Committee for the 1960 Winter Games at Squaw Valley and was a principal contributor to the Squaw Valley Olympic Committee, which brought the 1960 games to California.

In 1962, Stan was awarded the Blegen Award, USSA's highest award for service to the sport of skiing. He was a Vice-President of the FIS and represented USSA at FIS congresses from 1951 through 1967. He was inducted into the National Ski Hall of Fame in 1973.

The J. Stanley Mullin Award is given to the Far West man who has, through efforts in ski club, council, region, national or international activities, made a decisive contribution to skiing during either the past year or in a prior year. ●

Jimmie Heuga Award

Jimmie Heuga

Sept 22, 1943 -

In 1966, Jimmie finished fourth in the combined at the World Championships in Portillo, Chile. The following year he skied to a third place overall in World Cup giant slalom. He had two top-ten finishes at the 1968 Winter Olympics in Grenoble, France. His ten years on the US Ski Team ended in 1968. Jimmie was inducted into the National Ski Hall of Fame in 1976.

Jimmie's greatest challenge commenced with disturbing health indications in 1967 and a final diagnosis in 1970 as having Multiple Sclerosis (MS). After a period of indecision as to his course of action, he started a three-year personal program of rehabilitation in 1976. He created a program of cardiovascular endurance, stretching and strengthening exercises. He moved back to the mountains and resumed skiing. After this period, he started his own outreach program for persons with MS, founding the Jimmie Heuga Center in 1984. The center in Avon, Colorado is dedicated to "reanimating the physically challenged" to regain a quality of life. The center also supports scientific research.

The Jimmie Heuga Award is given to the individual who, like Jimmie, has demonstrated courage and skill in three arenas – the ski slope, the human body, and the courageous heart. ●

Jordan-Reily Award

The award is named posthumously for two pioneers in the Association's Public Affairs program, **Bob Jordan** and **John Reily**.

Bob Jordan, a Guadalcanal veteran, trained as a journalist and was employed for many years in the forest products industry. Bob became FWSA's first paid Director of Public Affairs in 1975 and stayed on for nearly three years before returning to industry. His professional skills greatly enhanced the sophistication of the Association's activities and formed a foundation that has lasted to this day.

In the mid-50s, **John Reily**, treasurer for the Carnation Company and chairman of the LA Chamber of Commerce, built a cabin in Squaw Valley. Two years later, he acquired Southern Pacific's land at the top of Squaw's KT-22 lift and built a day lodge called the "Cornice." From this vantage point, John saw the potential for a new ski area, Alpine Meadows. John was a strong advocate for integrating environmental, financial, and skier demand into area development plans.

The Jordan-Reily Award recognizes a one- or two-year activity and achievement in the Association's Public Affairs programs – area development, skier safety, liability protections, governmental affairs, taxation, and transportation. This award may also be given to an individual in government or the ski industry. ●

Tommi Tyndall Award

Tommi Tyndall was a prominent force in the promotion of winter sports in the Big Bear area during the late 40s, the 50s and early 60s. He was a one-man whirlwind where skiing was concerned.

Tommi came to the US from Dresden, Germany, in 1939 to demonstrate his father's machinery at the NY World's Fair. With the outbreak of WWII, he stayed in the US and joined the Navy. His first paying job in the US was teaching skiing at Sun Valley. He became an American citizen in 1949.

In 1946, he was among the first member of the California Ski Instructors Association. He developed and supervised a group of instructors who formed the Big Bear Ski School. In 1949, he founded the Big Bear Winter Club and hosted Big Bear's first Winter Carnival. In 1952, Tommi opened Snow Summit with a mile-long double chair, two major ski runs and several rope tows. In 1961, after a few draught years, Tommi undertook the construction of a major snow making system at Snow Summit, which would be the largest in Southern California upon its completion in 1964.

At age 54, Tommi died in a tractor accident while grooming his beloved mountain.

The Tommi Tyndall Award is given to the ski area or ski area operator who has made a distinguished contribution to skiing in the past year or in prior years. ●

Bill Mackey Award

Bill Mackey's interest and love of the mountains manifested itself early in his youth, exploring the High Sierra trails. In the summer, he expanded his knowledge of geology and nature. With the first snow cover, however, Bill was ready to head for the ski slopes. As an experienced skier, his interest was divided between competitive racing, ski instruction and professional patrolling.

In the spring of 1970, he experienced the thrill of racing during a Lange Ski Race Camp at Mammoth conducted by **Jimmie Heuga**. He turned 21 soon afterward, making him old enough to start work as a full-time professional ski patrolman at Mammoth under the capable direction of **John Garner**.

In the autumn of 1970, his enthusiasm mounted as his skill in skiing and rescue work developed rapidly. A few weeks later, however, he met with a tragic non-skiing accident that brought his career to an abrupt end.

The Bill Mackey Award is given for outstanding Service to the skiing public by a ski industry or ski area employee. ●

Bill Berry Award

William Banks Berry
Snowshoe Flat, 1952
Apr 7, 1903 - Jan 1999

Bill Berry has reported winter sport news since the winter of 1916. He reported on more ski tourneys, both Alpine and Nordic, than any other reporter in the nation. Bill's career in the Sierra saw him on the slopes of Truckee and Lake Tahoe in 1926, covering events of the old National Ski Association.

Bill reported skiing for such papers as the *Reno Journal*, *The Sacramento Bee*, *The Sacramento Union*, *The New York Daily News*, and all the major wire services. He reported the skiing events for the 1960 Olympics and the FIS Championships in 1950 through 1964. In his last year of reporting, he covered over 100 Far West high school and intercollegiate races on the spot, a record that may never be equaled by any ski writer.

Bill was the Historian for Auburn Ski Club's Western America SkiSport Museum at Boreal Ridge, and was Historian Emeritus for the National Ski Hall of Fame in Ispeming, Michigan. In 1969, he was the recipient of the Blegen Award, the highest award given by USSA. He was inducted into the National Ski Hall of Fame in the

Bicentennial year, 1976. He passed away in January 1999, active to the end.

The Bill Berry Award is for Media and Print Coverage of Skiing. This award is given for outstanding service to skiing by the media, including cinematographers, photographers, radio or television broadcasters, and writers for the printed media. ●

Man & Woman of the Year

Dottie & Donn

FWSA recognizes its best volunteers. *The Council Man and Woman of the Year are chosen by their peers based on their contributions to Clubs, Council, Race League, FWSA and nationally.* In the beginning, the contest was purely a beauty pageant where the contestants modeled ski apparel. There were rounds of cocktail parties, publicity photographs followed by a hectic day of interviews, tours and parties. In those early days, the “*Sno Queen & King*” were chosen by noteworthy & impartial judges. ●

Outstanding Club Awards

Tollakson Award— Outstanding Club

Dave Tollakson's activities in club leadership, racing and committees mark him as the finest that organized skiing can produce. Dave's involvement in FWSA started in the mid-60s with the Rokka League. He trained, skied, took lessons and practiced.

Concurrently, he took up patrolling with the National Ski Patrol (NSP) at Goldmine and trained in first aid, evacuation and winter survival. He was a major force in the development of search & rescue and ski mountaineering with the Southern Region NSP. Dave's climbing was related to this activity and the climb on which he met his death on Mt. San Jacinto was in training with **Steve Reneker** for a 1995 assault on Everest. Steve completed the climb and carried the FWSA banner and Dave's ashes to the top. In 1995, the Outstanding Club Award was named in honor of Dave.

In an effort to recognize the recreational skier, FWSA awarded the first outstanding ski club in 1963. The criteria used then was based on the percentage of members who belonged to FWSA, amount of money donated to FWSA, number of members holding FWSA offices, and number of members passing the Uniform Ski Test. *Today, the Tollakson Award is presented to an outstanding club based on an evaluation of their structure, organization, skiing, sports, social events, and giving to the community.* ●

Wentworth Award— Outstanding Club Publication

Chapman “Chappie” Wentworth contributed to FWSA for over 50 years. Chap undertook committee responsibilities for the Association in the 1950s and served as Secretary of FWSA when the numbers of officers were far fewer. He was an editor of several Tahoe area newspapers and edited Bill Berry's book *Lost Sierra: Gold, Ghosts & Skis*.

A native of Boston, Chap graduated from Dartmouth, having skied on the varsity team. Chap was scheduled to participate in the canceled 1940 Olympics and was Southern California's Downhill Champion for 1941.

Chap and his wife **Janet** were always ready to lend support in the Bay Area or Tahoe raising funds for ski causes and the US Ski Team.

The Wentworth Award is given to the club whose newsletters are judged best based on layout, content, and club size. It was fitting that Chap be remembered for his dedication to FWSA by giving his name to the Outstanding Club Publication. ●

Terry Smith Award

Terry Smith was a strong supporter of intramural (club) racing and helped advance these programs as a member of the Mammoth Mountain Racing Staff.

Terry died in a tragic accident while operating an earth moving machine at the top of Chair 3 at Mammoth in the summer of 1975.

Terry's Run, one of the blue trails off Chair 19, is named in honor of Terry.

The Terry Smith Award is bestowed on the outstanding individual who has greatly contributed to the advancement of intramural skiing. ●

Joe Ross Memorial Race

Joe Ross at age 99

May 8, 1886 - July 17, 1985

Joe Ross came to the US from Frankfurt, Germany, at the age of 21. He was a very accomplished ice skater and was a member of the Los Angeles Figure Skating Club.

Joe started skiing in 1935 at the young age of 52, when some friends from Austria came to visit and he put on his first pair of skis at Snow Valley. He especially loved Sun Valley and traveled there many times by train. He skied all over Europe, particularly Austria and Switzerland.

Joe belonged to Grindelwald Ski Club, Far World Ski club and the FWSA for over thirty-five years. His first NASTAR race was at Jackson Hole at the age of 84. He was featured by **Harry Reasoner** at age 88 on national TV when he won his gold NASTAR at Aspen. In his early 90s, he was featured in a **Warren Miller** film. He also appeared in **Ripley's Believe It or Not** for being one of American's most remarkable skiers as the oldest downhill skier in the US. It was Joe's most earnest goal to ski until the age of 100. However, his goal came to an end at age 97 when he suffered a stroke while skiing at Aspen. Joe died shortly after his 99th birthday.

Joe was an inspiration to every skier with his vim, vigor, love of life and dedication to the sport of skiing. His spirit will continue forward in the FWSA Joe Ross Memorial Race. *The Joe Ross winner is the club champion of the "qualifier" GS race at the annual Far West Ski Week.*

The FWSA Safety Award has been graciously sponsored by Aspen Skiing Company since its inception in 1998. The first year, the award was presented to the person who coined the phrase that would best sum up the FWSA safety position. **Jim Ortiz** contributed the appropriate tag line — a clever safety acronym for FWSA.

ASPEN SNOWMASS

• **Ski With Pride • Watch All Sides • Let It Ride •**

First With Safety Awareness

In subsequent years, the Safety Award has been bestowed on the person within FWSA who does the most to promote safe skiing and safety programs. The winner is awarded a week of skiing in Aspen with air, lodging, lift tickets, and rentals. ●

Western Ski Heritage Award

The purpose of the Association's Western Ski Heritage program is to raise the awareness of skiers and non-skiers alike of the contributions made by individuals, groups and companies to all aspects of skiing— competitive as well as outdoor winter recreation and fitness. A parallel purpose is to convey the positive role skiing has had in its contributions to the communities in the West.

The Western Ski Heritage Award has been sponsored by Steamboat Ski & Resort Corporation for the first three years. *The Western Ski Heritage Program will recognize the best effort to find, preserve, document and share the history of skiing in the West.* The winner is awarded a week of skiing in Steamboat with lodging and lift tickets. ●

Every effort has been made to research all aspects of FWSA history. In the process, I have begged and borrowed every publication by FWSA or about FWSA that I could find. Frankly, there's a whole lot more out there. These publications are being used to build both a paper and electronic library. In addition, I have begun to compile a data base of biographies of FWSA personalities. There is still a tremendous amount of work to do. If you have any FWSA publications (*Far West News, Western Ski Times, Councilman, FWSA Snow West, Convention books & minutes, Ski Bug's Almanac, Far West Skier's News, The Skier, Southwest Skier, etc.*) that I could borrow or have, please contact me. I appreciate any help. ●
